Continuation of 2. NOTE: The amended claim language presented for the first time in the amendment would require further consideration and/or search to determine the allowability of the added claim language over the prior art. It is noted that the amended claim language appears to resolve the 35 USC 112 issues as regarding the terminology used of a "cutter blade" without cutting edges by removal of the term "cutter". It is further noted that there are still instances of the terminology "cutter blade" found in the claims (see claim 12, line 2, for example).
